

IEEE Antennas and Propagation Society

2018 R. W. P. King Award

is presented to

Ehud Heyman

For the paper co-authored with Matan Leibovich titled
"Beam Summation Theory for Waves in Fluctuating Media."
Part I: The Beam Frame and the Beam-Domain Scattering Matrix"
published in the IEEE Transactions on Antennas and Propagation,
Vol. 65, No. 10, pp. 5431-5442, October 2017.
